

IBU Foundation is responding to West Java's Earthquake

Sitrep #3, 09 Sep 2009, 17.00

Highlights

- 7.3 RS earthquake struck West Java Province at 14.55 local time 02 September 2009
- 77 killed, 21 still missing, 64.143 houses severely damaged, 88,636 Displaced (BNPB)

General Need Assessment

Due to large number of damaged houses and displaced persons the need of shelters remain the most needed items, while also working tools for cleaning damaged houses. Some of IDPs who have mild damaged houses already come back to their houses, however due to the several aftershock earthquake happened some of them still afraid to come back to their house. Some area reported that IDPs already need food items, such as Rice, Cooking oils etc, however because most of the market is still opened it is generally the food items is considerably secured except for some area where the people are living poor, some of IDPs who have babies also are requesting baby foods and other babies supplies. Access to clean water in the area we work is mostly available however the need to established emergency latrines appear in IDP camps where there are have large number of IDPs

IBU Foundation has been mobilizing staff and emergency volunteers since the first day of the earthquake and already conducted response since the second days. IBU Foundation is focusing in Garut in pameungpeuk Area, Bandung, in Pangalengan area as well as Cianjur.
